Amit Yelmar

Python Developer | Django | REST APIs | MySQL
Pune, Maharashtra|91-8208802270|amityelmar346@gmail.com

PROFILE

Python Developer with 1+ years of experience in developing, testing, and maintaining backend web applications using Python and Django. Skilled in building RESTful APIs, implementing CRUD operations, and managing databases using MySQL and SQL. Experienced in troubleshooting backend issues, database design, API integration, and Git version control. Strong problem-solving skills, a collaborative mindset, and the ability to learn new technologies quickly.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML5, CSS3
Frameworks: Django, Django REST Framework (DRF)
Databases: MySQL, SQL
Tools & Practices: Git, GitHub, Debugging & Troubleshooting, Collaborative/Team-based Development
Concepts: REST API Design & Integration, CRUD Operations, MVC Architecture, Database Fundamentals
Other Skills: Good knowledge of MS Excel (VLOOKUP/XLOOKUP, Pivot Tables, Charts), Power BI

PROFESSIONAL EXPERIENCE

Python and Django Developer — Apr 2025 – Present

Mizecode Technologies | Pune, India

- Design, develop, and maintain backend web applications using Python and the Django framework.
- Implement business logic and CRUD (Create, Read, Update, Delete) functionality for core application modules.
- Build and integrate RESTful APIs using Django REST Framework to support front-end and third-party integrations.
- Manage data storage, retrieval, and processing using MySQL and SQL databases.
- Troubleshoot and resolve backend issues to maintain application stability and performance.
- Collaborate with the development team on an E-Commerce web application, contributing to backend architecture and feature delivery.
- Use Git for version control and collaborative code management within the development team.

PROJECTS

College AI Assistant Using RAG

Python, Django, Django REST Framework, MySQL, SQL, HTML, CSS, JavaScript, Git

- Developed an AI-powered college assistant to answer student queries about admissions, courses, fees, examinations, timetables, and placements.
- Implemented a RAG-based system to retrieve relevant information from uploaded college documents and generate context-aware responses.
- Implemented database schema and queries in MySQL to manage product, order, and customer data.
- Designed backend modules to process student queries, retrieve document content, and deliver relevant answers.
- Integrated document processing and AI-based question answering to provide quick access to college information.

EDUCATION

B.E Computer Engineering

Sharadchandra Pawar college of Engineering & Technology Someshwar Nagar

Diploma in Computer Technology ***(2024)***

Karmayogi Institute of Technology

Class XII (2022) & **Class X** (2020) — Maharashtra State Board

CERTIFICATIONS

- Tec Geek Connect Technologies Certified: AI Engineer Intern
